4+1 BEDROOMS + 3.5 BATHROOMS

CALEDON L7E2E3 | MLS #W12059434

A beautiful spiral staircase can serve as a stunning architectural feature in a home, connecting different levels elegantly. This home's staircase is featured from the upper level to the basement.

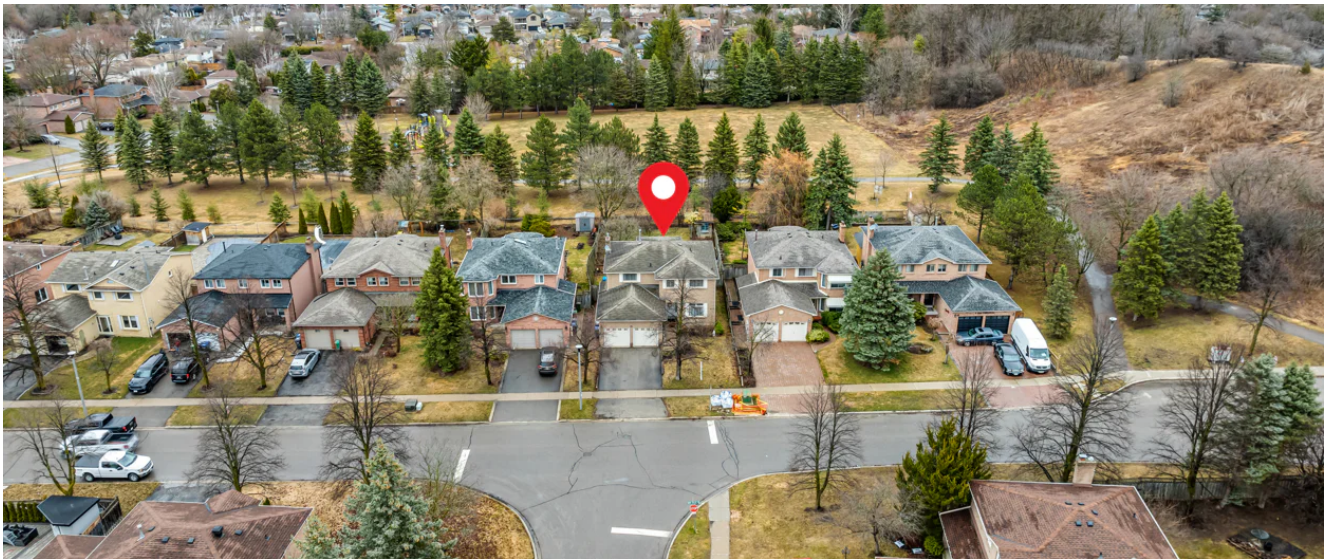

A traditional main floor layout with a formal living and dining room combination, a gourmet kitchen with an island, and a family room with a fireplace creates a welcoming and functional space.
